

NON-UNION MEN ARE AFTER WORK

Steel Strikers Learn with Surprise That Clark Mills Start Up.

STRIKE ORDER OUT

President Shaffer Issues the Document That Will Bring a Gigantic Strike.

IS VERY QUIET TODAY

Pittsburg, Aug. 7.—Consternation reigned among the strikers this morning when they learned that two of the Clark mills had started up. The superintendent says that the other mills of the company will be started as soon as the repairs are made and that there will be no trouble in securing men. Throngs surround the plant this morning seeking work. A great crowd of strikers is now around the mills, but all is quiet and orderly. All is quiet at the other mills in the city.

Shaffer came to his office early this morning and said that nothing of importance was in prospect for the day.

Reports received this morning say that Wellsville is very quiet today with no signs of trouble of any kind. Shaffer does not regard the starting of the Clark mills as significant and he says he understands that almost all of the new men are negroes and that the Amalgamated men will not bother them.

Secretary Williams of the Amalgamated said this afternoon that no other labor organizations would be asked for material aid until the situation becomes such that it is absolutely necessary.

Obedient Strike Order
New Castle, Pa., Aug. 7.—Promptly at midnight the men of the Shengango Valley Steel Plant of the Steel Trust struck. The order of President Shaffer was obeyed to a man. The strike was ordered to prevent a production of material that would keep the other plants in operation.

Fear Trouble in San Francisco
San Francisco, Aug. 7.—Five hundred teamsters quit this morning in sympathy with the striking members of the city front federation. Labor leaders are proceeding slowly in the development of their plans for making the strike still more effective. The strikers are incensed at what they consider unnecessary roughness in dispersing the strikers. Both sides fear trouble as a result.

STRIKE BEGINS ON AUGUST 11

President Shaffer Issues an Order to all the Amalgamated Men
Pittsburg, Aug. 7.—In the following strike order issued last evening organized labor throws down the gauntlet of the United States Corporation:

Shaffer's Strike Order.
The officials of the United States Steel Trust have refused to recognize the union men—those who are now striking for the right to organize. The executive board has authorized me to issue a call upon all Amalgamated and other union men, in name and heart, to join in the movement to fight for labor's rights. We must fight or give up forever our personal liberty. You will be told that you have signed contracts. You never agreed to surrender those contracts to the United States Steel Corporation. Its officers think you were sold to them, just as the mills were, contracts and all. Remember, before you agreed to this contract you took an obligation to the Amalgamated Association. It now calls you to help in this hour of need.

Unless the troubles settled on or before Saturday, August 10, 1901, the mill will close when the last turn is made on that day.

Brethren, this is the call to preserve our organization. We trust you and need you. Come and help us, and may the right come to the just cause. Fraternally yours,

T. J. SHAFFER, President.

Over 100,000 Expected to Quit

The order given above is expected to swell the number of idle men to over 100,000 men at the end of the week. President Shaffer was asked if the call was not intended to go to the union men in the Carnegie Steel com-

pany. He said that he could answer no questions on that score. The Amalgamated association has lodges in the Upper and the Lower Union mills of the Carnegie Steel company and a foothold in the Homestead, Duquesne, and Maddock mills, the great bulwark of non-unionism.

In conformity to statements that have been made by President Shaffer before, these men will be expected to join the strike as will all Amalgamated men and sympathizers in all plants of the United States Steel corporation.

NEGRO SOLD FOR A TRIFLE.

Colored Prisoner in Kentucky Sold to a Farmer for Two Dollars.
Taylorsville, Ky., Aug. 7.—The older citizens of this city were today carried back to slave days by a curious scene, when a young negro, Sy Lewis, was sold by auctioneer Crab to the highest bidder from the courthouse steps. Lewis was sent into servitude for a period of nine months upon being convicted of vagrancy at the last term of the circuit court. A large crowd was present. There were few anxious to bid, but he was finally knocked down to Arch Hays, a young farmer near town, at \$2.

LATE CORN HAS BETTER OUTLOOK

Decided Benefit as Result of More Moderate Temperatures and Good Rains.

Washington, August 7.—According to the weather bureau crop report, issued today, in the great corn states late corn—and fortunately a much larger proportion than usual of this year's crop was planted late—has experienced a general, and in some places a decided, improvement as a result of moderate temperatures and good rains, but the early corn has been practically ruined.

The report for Wisconsin is as follows: Week generally cool, with scattered heat and drought, but only low, rich soil will take fine crop; in other sections crop in excellent condition; oats and barley mostly in stack, some threshing being done; fair to good yields; tobacco injured showers; corn in southern section badly damaged by heat and drought, but improving.

TC HAVE CONTEST WITH BIG GUNS

Wisconsin and Minnesota Artillery Companies to Settle a Question of Marksmanship.

Milwaukee, Wis., Aug. 7.—Captain C. F. Ludington of Battery A Wisconsin National Guard, has accepted a challenge from Major Geo. C. Lambert of the First artillery of Minnesota to be an artillery contest between the two states, to be held at Camp View, Minn., in September. Each team is to use its own guns which are 3 2-10 inch breech loading steel pieces; shells to be of the empty 13 1-2 pound plug variety, with smokeless or black powder. A regulation artillery land target, 100 by 20 feet is suggested.

The challenge has been approved by the adjutant general of each state.

MARK HANNA FOR PRESIDENT

Senator Stewart Says He Will Get Republican Nomination
Washington, D. C., August 7.—Senator Stewart of Nevada in an interview today said: "In my opinion Senator Hanna will be nominated by the republican party for President in 1904. He seems to have the best chance thus far of any of those mentioned, and I believe the more people understand him the better they will like him."

"Mr. Hanna is a broad minded citizen and is thoroughly capable in every respect in handling the affairs of the executive office. He is much stronger than he is given credit for being by certain people, and the campaign developments of the past four years demonstrated that he is one of the ablest men in the country."

Harry Togo returned to his home in Richland Center, yesterday, after a week's visit at the home of F. F. Nicholson.

CITIZENS' VIGILANCE COMMITTEE RULES THE LAWLESS AT LAWTON

Gambling, Robbery and Murder Will Be Suppressed with a Stern Hand—Home Seekers Have Taken Affairs in Their Own Hands.

Lawton, Ok. T., Aug. 17.—The town of Lawton is beginning to assume the most objectionable characteristics of a boom town, and lawlessness is cropping out on all sides. Gambling, robbery and murder have already caused the more law-abiding citizens much trouble.

The home-seekers have taken the gambling affairs into their own hands and will stop all miscellaneous games of chance started by sharpers. The organization doing this is to all intents a vigilance committee of the business men, who mean business.

The sure thing gamblers, emboldened by their successes on Saturday and Sunday, stopped at nothing on Monday. Many people were openly robbed. A crowd of home-seekers finally organized and served formal notice that no more unlicensed gambling would be permitted in or around Lawton.

It did not mince any words and this morning there are no sure thing devices in sight.

Since Saturday two men have been

ENGLAND'S CEMENT TRADE IN DANGER

British Manufacturers Must Adopt Yankee Methods and Machinery in Order to Compete.

London, August 7.—American cement is likely to capture the markets of the world. Five of the most prominent manufacturers of England who recently visited the United States, have returned strong in the belief that only prompt introduction of the American machinery process can enable Great Britain to retain its present hold of the cement business.

The Americans a short time ago adopted a secret process of manufacturing cement by means of rotary roasting mills, which will drive England, France and Germany practically out of the field. By the aid of simple and cheaper machinery the Yankees are able to make their article in eight hours, while England, with its ancient and cumbersome equipment, requires three or four weeks. The cost of the American product is less than one-half that of the English.

ELECTRIC LINE TO ELKHART LAKE

Articles of Incorporation Filed with the Secretary of State—Capital of \$200,000.

Madison, Wis., August 7.—(Special.)—The Sheboygan, Elkhart Lake Railway and Electric company filed articles of organization with the Secretary of State today. Its purpose is to build an interurban line from Sheboygan to Waldo and Elkhart lake. The capital stock is two hundred thousand dollars and the incorporators are John M. Saemann, Sigmond Blumensfeld, Peter P. Bruecklauner and Steadman Thomas.

NIKOLA TESLA'S SCHEME

Will Talk to the Whole World From a Wireless Telegraph Station.

Patchogue, L. I., August 7.—Nikola Tesla will erect the principal station of his wireless telegraph system at Wardencliff, on the sound, nine miles east of Port Jefferson. Mr. Tesla will put up the largest building of its kind in the world for his station. A 350-horse power electrical plant will be placed in the building. The total cost of the plant will be \$150,000. Mr. Tesla expects to converse with all countries in the world from this main station.

BRIEFS FROM THE WIRE

London, August 7.—The Evening News, commenting on the steel strike says it is the nature of a revolution against plutocracy.

Paris, Aug. 7.—The Rappel, newspaper, in a Cape Town dispatch asserts that Kitchener will shortly return to England on account of the serious condition of his health.

London, August 7.—The house of commons today unanimously adopted a motion to present an address of sympathy to King Edward and Kaiser Wilhelm on the Dowager Empress Frederick.

Washington, Aug. 7.—The anniversary of the American occupation of Manila, August 13th, 1898, will be celebrated with a convention at Salt Lake City by the Philippine veterans. The meeting will continue for several days.

San Francisco, August 7.—The police are still in the dark for a clew to the Vallejo bullion thieves. Dick Phelan and Harry Cooper, ex-convicts who have been seen recently in the Vallejo are under suspicion.

Hartford, Conn., Aug. 7.—The Thirty-first annual convention of the Catholic total abstinence union of America was opened today. It will continue until Saturday with a large attendance from all parts of the country.

Prof. H. S. Richards, of Iowa City, Ia., is in the city a guest at the home of Mrs. Jane E. Holt, 201 Park place. Mrs. Jennie Bennett and daughter Bessie, of Mount Vernon, Ia., are visiting Mrs. Bennett's mother, Mrs. Jane E. Holt.

CHINESE MUST CUT QUEUES

Head of Reform Association Issues Orders to Celestials
New York, August 7.—An order issued by the head of the Chinese Reform association calls upon all Chinese men in this country to remove their queues. It is said that upon the members of the association it will be more binding than an imperial edict from the hand of the emperor of China. It will affect several hundred Chinese in this city.

FACTORY LEAVES RACINE

Knitting Company to Build Plants at Beloit and Stevens Point
Racine, Wis., August 7.—The Racine Knitting company, which recently sold its property to the Case Threshing Machine company, will leave this city to locate at Stevens Point and Beloit. The company is engaged in the manufacture of hosiery and underwear and is capitalized at \$60,000. About 200 hands are employed. The hosiery factory will be built at Beloit and the underwear factory at Stevens Point.

STANDARD OIL CO. PAYS A DIVIDEND

Forty Per Cent Paid by the Giant Oil Monopoly This Year Up to Date.

New York, August 7.—At a meeting of the directors of the Standard Oil company yesterday a dividend of \$3 a share was declared, payable on September 6, to the holders of the company's common stock. This is the same rate as that of the dividend declared last August, but it is a reduction from the dividend declared last May. Payment of the current dividend will distribute \$7,800,000.

Thus far in 1901, including the pending disbursement, the company has declared 40 per cent. in dividends as against 38 per cent. for the same part of 1900.

The stock declined four dollars yesterday to 763 on the dividend announcement. Last fall the price touched \$32.

FRANCE READY TO SHAKE UP TURKEY

Paris, Aug. 7.—The dispute between France and Turkey as to the ownership of the quays in Constantinople has taken a somewhat serious aspect. Three French battleships are ordered to be held in readiness to make a demonstration in Turkish waters. It is expected that this demonstration will cause Turkey to recede from her position.

CUMMINS AND ANTI-CUMMINS

That is the Situation in the Iowa Republican State Convention Assembled at Grand Rapids.

Cedar Rapids, Ia., August 7.—The gubernatorial situation was practically unchanged when the republican state convention was called to order today. Despite the fact that a majority of the supporters are said to have left Herriott, he says he is in the fight to a finish. All signs point to the nomination of Cummings on the first or second ballot. The steering committee is confident of a final victory for the anti-Cummings forces.

ELECTRICAL STORM AT MARINETTE

Marinette, Wis., Aug. 7.—There was a violent electrical storm in Marinette this morning. Several places were struck by lightning. A bolt shattered the roof of a room of Levi Dean, and passed down into the house and tore into shreds the bed clothing in which was wrapped a little child two years old. The child was not injured. The grocery store of S. Swanson was struck. A street car crowded with people was struck but fortunately no one was injured.

E. F. Hanson and wife of Beloit were in the city yesterday on business.

NO CEREMONIES OF STATE OVER REMAINS OF EMPRESS FREDERICK

Her Wish for a Simple Funeral Will Be Respected—Awful Pains Made Her an Utter Wreck.

Cronberg, August 7.—In accordance with the expressed wishes of the Empress Frederick, the funeral services will be as simple as possible under the circumstances. The body will remain on the bed where she died until ready for the coffin. The roses, in which it is almost buried, are from her private garden, many of the blooms being from bushes cultivated with her own hands. No one will be allowed to view the remains except members of the immediate family and household.

Emperor William had a long interview with Count von Buelow last night. He drove from Homburg to Friedrichshof, and soon after his arrival there the following official announcement regarding the funeral arrangements was made:

"On Thursday the royal family will attend the funeral service in the castle, at which the Bishop of Ripon, who was summoned by the empress will officiate. Only the immediate family will be present. "Saturday evening the coffin will be escorted from Friedrichshof to the Protestant church in Cronberg by a torchlight procession, followed by the royal family on foot. "Sunday afternoon a funeral service will be held in the presence of the family of the empress, her household and a few of her friends, and other privileged persons." Those who saw her say that the empress was much changed. She had become an utter wreck and instead of looking twenty years younger than her age, as was her wont, she looked twenty years older. The awful pains which racked her for months at last reduced her splendid physique to a complete wreck. Fully aware of this the empress had refused for some time to see her friends, even her faithful marshal of court, not wishing to be seen in her changed condition.

SEND WARSHIP TO COLOMBIA

United States Gunboat Machias Ordered to Colon.

TRAIN IS HELD UP

Uncle Sam Is Responsible for Keeping Isthmian Road Open to Traffic.

NO CLASH IS FEARED

Washington, Aug. 7.—The state department has requested the navy to send a war ship to Colon on account of the revolution in Colombia. The gun boat Machias will be sent. This action is taken on account of the holding up of the Trans-Isthmian train by insurgents, the United States being bound by international agreement to see that traffic on this road is not interrupted.

Rebels Retard Panama Traffic.

Washington, D. C., Aug. 7.—The state department has received from Consul Gudgey at Panama a report showing that the Liberals, or insurgents against the Colombian government, had delayed traffic on the Panama railroad at Matanchan, and had actually captured some of the government officials. The report, however, says that no damage was done to the train. There was no looting, and traffic was resumed. The United States will not interfere in Colombian affairs unless the insurgents impede the traffic across the isthmus. In that event Consul Gudgey is expected to cable the department the fact and a vessel will be sent to see that the railway line is kept open in accordance with the treaty of the United States with New Granada, now Colombia, in 1846. The situation is demanding the close attention of the state department.

MINERAL DEPOSITS IN THE HOLY LAND

Industrial Awakening of Palestine is No Longer a Dream—Phosphate the Most Important.

Washington, August 7.—Ernest L. Harris, former United States consular agent at Eibenstock, has informed the state department that valuable mineral treasures have recently been discovered and that it is safe to say the industrial awakening of the Holy Land is no longer a dream. He says it is true that the greater part of the once flourishing country is a barren desert, the lines of communication are miserable, and traffic is unsafe aside from the one railroad from Yafa to Jerusalem.

Mr. Harris says that the newly discovered mineral deposits lie on bold sides of the Jordan and the Dead Sea. The salt deposits of the Dead Sea also could be developed into an industry.

The consul considers phosphate the most important of all deposits, and says the immense fields of that mineral to the east and west of the Jordan need only better means of traffic and communication in order to insure their development. This, it would seem, is not far distant, as the Turkish government is planning a continuation of the Yafa-Jerusalem railroad, and steamboats are already plying the Dead Sea.

INDIAN TROUBLES BREWING

Flatheads and Half-Breeds May Fight Over Cattle Question

Helena, Mont., August 7.—Trouble is brewing on the Flathead Indian reservation between Indians and half-breeds. Yesterday near Roman station six Indians and three half-breeds exchanged a number of shots one of the former being shot in the arm. Indians object to the half-breeds picking up cattle on the reservation. Both sides are reinforcing and more trouble is anticipated.

PICKING MEN FOR THE 1904 RACE; CANDIDATES FOR THE PRESIDENCY

Vice-President Roosevelt Thought To Be in Lead—Hanna and Fairbanks Have Warm Friends.

Washington, D. C., August 7.—That there is considerable interest in national politics and in the personality of the man who will succeed President McKinley is evidenced by the fact that members of the senate and house arriving here, are discussing the prospects of their favorites and making predictions as to who the republican nominee will be.

Senator Stewart of Nevada is strongly of the belief that Senator Hanna will be the next republican nominee, but he asserts that he has no favorites in the race.

Representative Curtis of Kansas is here, and he is inclined to the belief that Vice President Roosevelt stands a better chance of securing the nomination than any of the other presidential possibilities. Representative Curtis believes that Vice President Roosevelt's Western trip is not made exclusively for the purpose of hunting game, but that it is the New Yorker's intention to pave the way to secure the nucleus of the

Western delegates to the next republican convention.

The Vice President is extremely popular in that part of the country, and his friends believe that by continual contact with people of that section it will be possible for him to secure the support of enough delegates from the west to make him a factor in the next presidential race.

On the other hand the friends of Senator Hanna asserts that he is doing nothing whatever that will contribute to his nomination, and that the attempts of his admirers to force him into the race are distasteful to him.

Senator Fairbank's chances also are discussed, but as both Senator Stewart and Representative Curtis seem to be followers of Senator Hanna and Vice President Roosevelt respectively, they are not inclined to think much of the chances of Senator Fairbanks, though the latter is conceded by them to be a large factor in the race.

DRAMATIC ATTRACTIONS AT THE MYERS GRAND THE COMING SEASON

The Bookings Present an Unusually Fine List of Plays—Some Improvements in the House—
"The Baggage Check" Tuesday Evening.

The first dramatic attraction to be seen in this city for many weeks will be Charles Blaney's farce comedy, "A Baggage Check," which will appear at Myers Grand next Tuesday evening, Aug. 13. To Dick Ferris and his comedians has been granted the distinction of opening the regular dramatic season of 1901-'02 and the formal opening of the theater will take place Monday evening, Aug. 26, when Ferris' comedians will open a week's engagement. The theater is being renovated and several repairs are being made during the summer. An iron stairway is to be built from the balcony on Bluff street making another exit from the building. The exit doors were built when the building was erected and are on the east side of the balcony, but no stairway has ever been provided. The stairway for which manager Peter L. Myers has contracted is an iron one such as is used in the metropolitan theaters. It can be raised to the level of the balcony when not in use and is operated by weights. Later in the season Manager Myers expects to have the entire house wired so that the auditorium as well as the stage, will be lighted with electricity.

Manager Myers intends to make the coming season the finest in the history of the local theater. He already has an unusually fine list of high class attractions booked and is negotiating for others. Among the productions which will appear here during the coming season but for which definite dates have not been agreed upon are "King Dodo," "The Explorers," E. H. Sothern, "Princess Chic," "Arizona," Frank Daniels' production of "Floradora," which is making a great hit in New York, Howard Kyle in "Nathan Hale," and many others.

A glance over the list of attractions already booked will convince the theater goers of this city that the promise made for the coming season is no idle one. Admirers of all styles of theatrical attractions will find themselves well cared for. There is low comedy and high comedy, roaring slapstick farces, and musical farces, comic opera, vaudeville, domestic and society comedies and melodramas and an unusual number of high class productions. Notable among the early bookings is Brady's "Lovers Lane," which has packed McVicker's theater at every performance during the summer. It is an idyllic play and will be exactly the same production which is now playing in Chicago. On the 23rd of September Otis Skinner will present his gorgeous new production "Francesca de Rimini," in which he appears for the first time in Chicago this month. The production will be fresh and is said to be the finest romantic production which has ever been presented by Mr. Skinner. This actor, who is unquestionably entitled to the distinction of being Janesville's favorite, has always appeared here during the Lenten season, in spite of which he has always been greeted by magnificent audiences. This year his annual visit is to be paid at the beginning of the season and Manager Myers hopes that in just tribute to the popularity and greatness of this talented actor, his appearance will be made the most brilliant event of the season, and that he will be given the reception he deserves. This means the calling into use of the "Standing Room Only" sign.

NORTHWESTERN IS EARNING BIG MONEY

Every mile of the Northwestern system proper earned the gross sum of \$7,825.92 for the fiscal year ending May 31, 1901. The forty-second annual report just issued shows also that it cost over \$4,944.47 to operate every mile of the road and to pay taxes, leaving a net earning of \$2,881.45 per mile.

The passenger earnings showed an increase of \$715,500 over the previous year, while the freight receipts decreased \$643,700. The company operated 5,507 miles of road, and out of the total spent for operation over \$5,500,000 or 21 per cent was spent for maintenance of ways and structures. During the year sixty-two new steel bridges were built. Among the betterments is the completion of the double tracking of the line between Chicago and Council Bluffs, with the exception of 67 miles between Maple River Junction and Missouri Valley, Iowa, making the total double track in operation 714 miles. During the year several new lines were completed and opened for traffic, while the company absorbed the Southern Iowa, the Princeton & Northwestern and the Peoria and Northwestern. The land commis-

sioner sold 43,753 acres and 1,627 town lots for a total of \$582,370. The number of passengers carried during the year was 16,944, 372, and the number of tons of freight carried was 25,271,276.

given in this city. Charles Frohman's companies are to bring recent metropolitan successes, "Barbara Fritchie," and "Are You a Mason?" Famous Billy West will bring the greatest minstrel show seen here for years. "Way Down East," "Hello Bill," the Kilties, the same production of "Quo Vadis" with which the Myers Grand opened last season, and "Pudd'n Head Wilson" are all old favorites with established reputations, while "The Climbers," "El Capitán" and "Wizard of the Nile" have a very attractive sound.

The following complete list of the bookings up to date will give a good idea of what the season will be, for although Manager Myers has been unwilling to contract for too many productions so early in the summer, he prefers to have time open for good productions which he may find opportunity to secure later in the season.

August 13—Charles Blaney's "A Baggage Check," farce comedy.

August 26—Dick Ferris' comedians open a week of repertoire.

Sept. 2—Wood & Ward in "Two Merry Tramps," musical farce comedy.

Sept. 10—Brady's "Lovers Lane," same company and production as seen at McVicker's theater, Chicago, during the phenomenal summer run.

Sept. 16—Backman Comedy Company, under management of Dick Ferris, opens a week of repertoire.

Sept. 23—Otis Skinner in his elaborate new production, "Francesca de Rimini."

Sept. 28—The famous and only "High Rollers."

Oct. 7, 8, 9—Felton's vaudeville.

Oct. 10—Thomas Jefferson in "Rip Van Winkle."

Oct. 12—Jacob Litt's company, in "The Woman in Black."

Oct. 14—Grau's opera company, in "El Capitán."

Oct. 16—"Humbly," comedy.

Oct. 19—Tim Murphy in his new play.

Oct. 24—Robert Mantell in his new play.

Oct. 29—"The Village Parson."

Oct. 31—"The Irish Pawnbrokers," musical comedy.

Nov. 2—"A Brace of Partridges," with H. Reeves Smith, Eleanor Robson, and their London company.

Nov. 4—"Casey's Wife," Irish farce comedy.

Nov. 6—"The Wall Street Brokers," musical farce.

Nov. 8—Charles Frohman's company in "Barbara Fritchie," Julia Marlowe's play.

Nov. 15—Charles Frohman's company in the new comedy, "Are You a Mason?"

Nov. 21—"Pudd'n Head Wilson."

Nov. 23—William West's Minstrels.

Nov. 27—The Kilties or the 48th Highlanders' Scottish band.

Dec. 3—Morrison's "Faust."

Dec. 5—Whitney & Knowles' production of "Quo Vadis."

Dec. 10—Walter E. Perkins in "My Friend From India."

Jan. 4—"Wizard of the Nile," comic opera.

at Grafton and at the time of his death was a member of the Afton Baptist church. Five sons were born to Mr. and Mrs. Waite, one of whom died in infancy, while the other four, Arthur S., Albert R., Charles F., and Ulysses G. all reside at Afton. Mr. Waite is also survived by one sister, Mrs. John W. Stevens, of Hasbrouck Heights, N. J. The funeral was held from the Baptist church at Afton last Sunday afternoon at two o'clock and was largely attended. Rev. Hanson, of Beloit, officiated and the song service was rendered by Misses Ethel Morris and Amanda Wessel of Beloit. The four sons of the deceased acted as pall bearers and the interment was in Afton cemetery. The funeral arrangements were attended to by D. Ryan & Son of Janesville and were perfect in every detail.

HAYES BROS' BEGIN WORK OF GRADING

Hayes Bros. have begun the work of grading for the Beloit, Delavan Lake and Janesville electric line and the work will be pushed to completion as fast as possible. They began at the Rockford end of the line, but will start at the other points along the right of way, where the heavy fills and cuts exist.

They are having some trouble in securing the right kind of men to work on the job for the reason that laborers seem to be hard to get at this time of the year. They have worked further north and west into the harvest fields of the Dakotas and Minnesota, where labor brings a big price.

The railroad companies are also having the same experience with their help. They hire men at the agencies in Chicago and Milwaukee, give them transportation to the point where they are to go to work and the first day they are there they will skip out and work on towards the harvest fields.

In a great many places the companies are not able to keep more than a third of the men in a gang that they desire.

Lumbermen also report the same trouble with their help. Men hired for work in the woods get their transportation to the place where they are to work and then leave. In the fall they work back this way and further south where the weather is warmer and they can secure work.

This is one reason why so many "Dagoes" are employed by the railroad company, especially about here. They are about the only help that can be secured that is reliable. The companies much prefer to get other help but cannot depend on them to stick to a job until it is finished.

ANNUAL REUNION AT ELKHORN AUG. 21

The Walworth County Soldiers' and sailors' association will hold its Thirtieth Annual reunion at Elkhorn, Wis. on Wednesday, August 21, 1901.

The business meeting for the election of officers, etc., will be held at the court house at 10:30 o'clock a. m. public exercises in the park at 2 p. m. W. C. Norton, city attorney, will deliver the address of welcome; Rev. J. J. Lugg will deliver the annual address.

Among the prominent speakers who have promised to be there, if possible, are Department Commander A. H. DeGroot, Hon. J. V. Quarles, Mrs. Effie J. Palmer, Major A. J. Cheney, E. D. Coe, J. L. Bear, W. J. McIntyre, George E. Pierce, Col. E. B. Gray.

Music by the Elkhorn Cornet band, Delavan Drum corps and Elkhorn Juvenile Drum corps. Singing by Morgan's double quartet.

The Spanish-American soldiers are especially invited to attend this reunion. Every soldier and sailor of any war, and every citizen in the county and adjoining counties are especially invited to be present.

Thirty Happy Young People

A company of about thirty happy young people were the guests of Miss Agnes Cox last evening at a most enjoyable party given at her home 255 South Bluff street. The party was a farewell to Miss Cox's brother, Charles E. Cox, who is secretary of the Janesville Hay Tool company and is soon to move to Chicago with that organization. The gathering was also held for the purpose of giving some of the local young people the pleasure of meeting Mr. Cox's friend and guest, C. E. Graham, of Chicago, and the two young gentlemen were the guests of honor for the evening.

The evening was pleasantly spent with various games and in one, a bean guessing contest, prizes were awarded and were won by Miss Louis Roessling and Edward Jerg. A tempting luncheon, the menu of which was elaborate and delicious, was served and shortly afterwards goodnight songs were said and the happy occasion became a pleasant memory.

Hanson Furniture Company

The stockholders of the Hanson Furniture company held their annual meeting last evening at the council chamber. The majority of the stock was represented at the meeting. The stockholders were well pleased with the showing made by the company during the past year. The report of the secretary that the past season had been a good one and that the business handled by the company amounted to about \$50,000. The treasurer reported a snug balance on hand which was good news to those interested in the company. The directors elected were Lars Engbreten, Henry M. Hanson, Hans Trofion, W. F. Carle and W. T. Van Kirk. The directors will meet in a few days and elect officers for the ensuing year.

Excursion Tickets to Race Meet at Freeport, Ill.

Via the Northwestern line, will be sold at reduced rates, August 3 to 9, inclusive. Limited to return until August 10, inclusive. Apply to agents Chicago & Northwestern Ry.

EXCELLENT WORK OF MILTON COLLEGE

School Has Earned a Reputation for Giving Fine Intellectual Training Under Healthful Influences.

This institution of learning located at the village of Milton, received its charter from the state of Wisconsin in 1867, since which, in a very quiet way, it has been doing, some very excellent work. Its principal course of study—the ancient classical—has from the beginning been regarded as equivalent to the same course in the state university. During the thirty-four years of its history, it has given to the state five superintendents of public instruction, several normal school presidents, principals of high schools, and other teachers and a large number of business and professional men trained for their work.

The friends of the college will be pleased to know that it is still doing excellent work and that it is striving to keep up with the increasing demands of the time. Within a few years it has come into the use of a \$50,000 endowment left by the will of the late George H. Babcock, of Plainfield, N. J., bringing the endowment up to about \$85,000. During the past year a debt of \$5,000 has been paid, principally by the friends of the college in Milton and vicinity. New professors have been added to the faculty in both German and French, and the scientific and modern classical courses of study have been enlarged and strengthened. During the past year a gymnasium has been opened under competent instructors, with medical examinations and counsel. Libraries and apparatus and laboratories for practical work are being enlarged every year.

President Whitford, who has been at the head of the college since its organization, has been in failing health for some months past, but is reported much improved by his sojourn in New Mexico, Arizona and Colorado and is expected to be in his accustomed place at the opening of the fall term. Prof. Shaw in canvassing in the interest of the college in Wisconsin and several adjoining states.

The college has earned a reputation by giving an excellent intellectual training under healthful moral influences, while the citizens of the village have given employment to such as desired to earn, either wholly or in part, the means to pay their school expenses. These transactions are still maintained.

Although the outlook for the college and its work was never brighter than at the present time.

WE KEEP THE QUALITY

Foulard Silks

are down. To make a clean sweep of every yard of Foulard Silk in our stock we have put them into two lots and offer them until sold at 65c and 45c. They.... will eagerly be snapped up, for such beautiful Foulards.. at the figures we mention cannot be made for the prices at which we are offering them. We show them in the satin finish and fine surah weave; a large collection of very choice patterns in all colors and black with white figures.

Women's and Misses' Tailor-Made Suits

As an extra inducement to buy a Suit we are offering ours at greatly reduced figures. Have almost any price Suit one might desire and desirable styles to select from.

THE TIME TO ACT

is the right time. The right time to act is right away if you would secure some right smart bargain in Summer Goods.

Parasols

for these hot, dazzling days—pretty summer novelties for both women and children, can be bought for little money. We offer them all at first GOST.

Wash Goods

are fast disappearing. The styles of most of them are not so extreme that they will look "out" if worn another season. Buy a dress now at the reduced figures, you can wear it for two months yet.

All Remnants at very low prices to close them out.

Shirt Waists

are good all winter. Buy all you want of them while they last. Ours are so different than many of the factory made waists; the styles average good, they fit nicely, and are made by experts.

At 75c

a large assortment of colored waists, formerly \$1 and \$1.25, about what the material would cost. Others at 40c, 55c, \$1, \$1.75, about half the former prices.

80c

for pretty white waists; others \$1.15 and \$1.65—all very much less than they were.

We Enjoy Talking
about our beer, because it deserves all the good things we can say about it. Our customers talk about it too. Kept handy at home it adds to health and comfort these summer days. By the case:
Two dozen pints \$1.00
Two dozen quarts 1.75
Delivered to any part of the city.

LATE TELEGRAPHIC NEWS

TUNNEL TO VERY RICH LOOT

Thieves Dig Under Walls of Smelting Works.

SECURE \$280,000 IN BARS.

Make Escape by Boat with Half a Ton of Booty, but Leave \$50,000 Worth of Metal—Officers Are Without a Clue.

Vallejo, Cal., Aug. 7.—Gold bullion worth \$280,000 was stolen from the Selby smelting works between midnight last night and 7 o'clock this morning. The robbers dug a tunnel beneath the walls of the company's building, gaining access to the floor of the strongroom. The work of excavating the tunnel must have taken weeks, and though the mouth of the subway was in plain view of workmen going to and from the works, it attracted no attention till after the robbery. It is believed that the plunder, which weighed about 1,200 pounds, was carried off by boat, as the Selby works are near the shore of the bay, and two barrels of bullion worth \$50,000, abandoned in haste by the robbers, were found today upon the beach. The route of retreat from the tunnel's mouth to the shore was sprinkled with cayenne pepper, for the supposed purpose of worrying any dogs that might be set on the trail. The Selby works are situated about thirty miles from San Francisco on the outskirts of Vallejo near bay tide-water. The robbers began their tunnel directly under the walls that surround the smelting buildings, and covered the entrance to their tunnel with a platform of pine boards and with dirt. They must have worked assiduously during the night, carrying the dirt and debris a distance of 200 yards to the bay, where it was doubtless sunk. The police have not the slightest clue. They do not know whether the crime was committed by one man or a dozen. Telegrams have been sent to every sheriff in the state ordering him to search for the missing gold, to overhaul every boat and steamer within his jurisdiction, to search every railroad train and stage coach passing through his county, and to examine every one taking passage at the different railroad stations throughout the state.

Bridges, rivers, tunnels, mountains, builds cities, gathers up the scattered rays of one's ability. That's what Rocky Mountain Tea does. 35c. Smith's pharmacy.

She Has a Fine Sense of Smell. Steubenville, O., Aug. 7.—Ruth Merzmann of this place dislikes perfumery and when she awoke in the middle of the night she smelled something that was very much like the article she never uses. She struck a match and discovered a burglar crawling on his hands and knees. He had a fresh shave and had been out of the barber shop only a short time, and this barber shop smell was what awakened the young woman. The burglar fled and fell down the stairs, but made his escape.

Negro Guarded by Troops. Atlanta, Ga., Aug. 7.—Raymond Ross, a negro, who was taken to Canton today for trial on the charge of assaulting a white woman, was accompanied by two companies of militia and the governor's Horse Guards, under command of Major W. W. Barker. The militia guarded the courthouse while the trial was in progress. Ross was found guilty and sentenced to be hanged Aug. 27. The jury was out seven minutes. The militia brought the prisoner back to Atlanta.

Indian Troubles Brewing. St. Paul, Minn., Aug. 7.—A Helena, Mont., special to the Dispatch says: "Trouble is brewing on the Flathead Indian reservation between Indians and half-breeds. Yesterday near Roman Station six Indians and three half-breeds exchanged a number of shots, one of the former being shot in the arm. Indians object to half-breeds picking up cattle on the reservation. Both sides are re-enforcing and more trouble is anticipated."

Both Sink in the Quicksand. Phoenix, Ariz., Aug. 7.—James Eversole and his horse were engulfed in quicksand near Tempe and were swallowed up. Many people saw the dreadful sight, but were powerless to help him. Lew Collins, a stage driver, attempted a rescue, and was himself drawn in, but was rescued by a cowboy, who threw a lariat to him. Eversole was a prospector.

Washouts Stall Six Trains. Albuquerque, N. M., Aug. 7.—Six passenger trains are stalled here owing to washouts on the Santa Fe railroad. It is expected that repairs on the main line can be completed today, but no trains can be run to or from Santa Fe for a day or two. Nearly two inches of rain fell at Santa Fe in two hours. Telegraph wires are in bad shape.

Daily Excursions to Buffalo and New York. Via the Nickel Plate Road. Through trains to New York City without change. Vestibled sleepers Chicago to Boston. Dining cars on all trains. Meals served on American club plan, at from 35 cents to \$1.00. Write John Y. Callahan, general agent, 111 Adams St., Chicago, for particulars.

Maryland Republican Ticket.

Baltimore, Md., Aug. 7.—In the Maryland Republican state convention here the ticket nominated was as follows:
For State Comptroller—Herman S. Platt of Baltimore city.
For Clerk of the Court of Appeals—Thomas Parran of Calvert county.
In the platform the administration of President McKinley is heartily endorsed.

New Wireless Telegraphy.

Boston, Aug. 7.—A new system is to be tried in wireless telegraphy between Boston and Danvers, where an electrical and telegraphic school has been established. In this relay the system consists of two kites, one receiving the message and the other charging it with more force and sending it on.

Constipation neglected or badly treated, leads to total disability, or death. Rocky Mountain Tea absolutely cures constipation in all its forms. 35c. Smith's pharmacy.

Daily Excursions via Nickel Plate Road.

Chicago to Buffalo and New York. Special low rates and favorable limits on all points east. Call on or address John Y. Callahan, general agent, 111 Adams street, Chicago.

JUDGE PRICE IS DEAD.

Prominent Confederate Leader, United States Treasurer Under Buchanan. Chicago, Aug. 7.—Judge William Cecil Price, treasurer of the United States under President Buchanan and a prominent Confederate leader during the days of the rebellion, is dead, almost forgotten, at the residence of his son-in-law, William C. Newberry, 6542 Washington avenue. He was unaccountably struck up to the last moment of his life, and he passed away an uncompromising advocate of dead doctrines, his southern heart sadly out of tune with the new times. Judge Price was 86 years old. He had made his home here for a number of years. Judge Price's death removes one of the most interesting relics of the perilous period preceding the outbreak of the civil war. During that time he was one of the dauntless leaders in the political warfare for the extension of slavery, an institution in which he believed with a deep religious conviction, and his influence in molding public affairs in Missouri, when that State was the preliminary battle ground was among the most potent. He was no cavalier. Aggressive and earnest, he fought for his principles, both before and after the fall of Sumter, until he became one of the widely known factors in the strife.

Prof. Henry Sherwood Dead. Ballston, N. Y., Aug. 7.—Prof. Henry Sherwood of Johns Hopkins university died at Ballston Center last evening. He was spending his vacation on a farm and while trimming a tree on July 26 accidentally cut his right hand. Blood poisoning set in and resulted in his death. The body will be taken to Cornwall-on-the-Hudson for burial.

Mary Newberry Adams Dies. Dubuque, Iowa, Aug. 7.—Mrs. Mary Newberry Adams, widow of Judge Austin Adams, once chief justice of the Iowa supreme court, is dead aged 83 years. Prominent in literary circles, state and national, close friend of Ralph Waldo Emerson, schoolmate at Cleveland of John Rockefeller and Mark Hanna.

Noted Indiana Musician Dead. Yorktown, Ind., Aug. 7.—Philip J. Hoaffler died here aged 83 years. He came to America and accompanied Jenny Lind on her triumphant tour. He was one of the most noted musicians in the central states. Half a century ago he set the American public talking by his wonderful ability as a violinist.

\$13.00 to Buffalo Pan-American and Return, \$13.00. Tickets on sale daily via the Nickel Plate road, good returning ten days from date of sale. Especially low rates for fifteen and thirty day limits Chicago to Buffalo and return. Tickets at lowest rates to all points east. John Y. Callahan, general agent, 111 Adams St., Chicago. Chicago city ticket office, 111 Adams street.

BARGE CANAL PREFERRED.

New York Committee Decides Against National Waterway from the Lakes.

New York, Aug. 7.—The executive committee of the Canal Association of Greater New York has just reached an important conclusion in regard to its future work, says the Journal of Commerce. The committee has been wavering on the question whether the promise of a deep waterway from the lakes to the seaboard entirely under national control did not offer better prospects of prompt attainment than a 1,000-ton barge canal. The cause of the wavering was the publication of the detailed report of the deep waterways commission. This report has now been digested and studied by the committee, and it has been formally decided that the interests of New York will be better served by a 1,000-ton barge canal than by the larger project.

Begin War on Mosquitoes.

New York, Aug. 7.—Dr. A. H. Doty, health officer of the port, and his assistants have at last commenced the war of destruction on the mosquitoes of Greater New York and vicinity. They have taken their paraphernalia, which consists largely of kerosene oil, to the pond near Concord, Staten Island, and forced barrels of the oil under the surface of the water. It is expected that while the fluid is making its way to the surface it will destroy all the embryonic mosquito life therein. Dr. Doty said he could not be positive about the success of the experiment for a month to come, but he thought it would work well.

She Was Determined to Die.

Eaton, O., Aug. 7.—The body of Miss Emma Tizzard, daughter of the late W. B. Tizzard, a well-known editor, was found in the well in the rear of the family home at an early hour this morning. She had been suffering with melancholia and during the early evening became ill, supposedly from having taken poison. A brother who lay in the doorway to prevent her escape, fell asleep. Some time during the night Miss Tizzard tipped her way over his body and lifting the cover of the well leaped in.

Kankakee Parcel Delivery.

Kankakee, Ill., Aug. 7.—Five Kankakee capitalists will organize a merchants' parcel delivery company, with a capital of \$25,000, and relieve local groceries, markets and other business houses of the burden of delivering goods. Thirty-five wagons and uniformed drivers will be employed. Two trips a day will be made to the dwellings of customers.

Fifty Forest Fires Raging.

St. Paul, Minn., Aug. 7.—A Helena, Mont., special to the Dispatch says: "Northern Pacific officials report fifty forest fires raging in Missoula county. No great damage has as yet been done, but owing to the unusually dry condition of the forests and vegetation the outlook is regarded as serious."

Doctor Kills Himself.

Alameda, Cal., Aug. 7.—Dr. Charles Hampden Field committed suicide by inhaling illuminating gas. He was formerly a surgeon in the United States army at Fort Wayne. He was also an ex-surgeon of the pension bureau, and at one time surgeon of the Union Pacific railroad.

WISCONSIN WEATHER FORECAST
Fair tonight and Thursday cooler.

One of the wisest steps ever taken by the Department of Forestry is the appointment of a Forestry bureau, headed by the most expert student of forestry in this or any other land, Gifford Pinchot. In a recent number of a current periodical, this gentleman wrote a very interesting and able article on the conserving power of forests. In that sketch Mr. Pinchot pointed out the absolute necessity of a forest reserve to prevent our western farming land becoming arid and the streams from drying up. Although we still have many million square miles of forests the destructive and wholly unnecessary forest fires will soon cut their extent down one-half. This bureau not only proposes to protect the reserves, but it also intends to prevent the cutting of timber which is situated at the sources or on the banks of streams and also provides for the planting of many thousands of young trees every year. It is a well known fact that a forest may be cut so judiciously as to reproduce itself in a hundred years. Trees left at regular intervals will scatter seeds enough to start a second forest which in growing will conserve moisture quite as well as the old. It is for these purposes as well as to cooperate with state bureaus that the new national bureau is organized and we can congratulate Secretary Wilson upon his idea and upon the appointment of so able a man as chief.

The "eternal feminine" is still in it. A New Kind of New Woman. That Miss Mattie Helen Beals, the Wichita telephone girl who drew second choice of farms in the new Kiowa and Comanche country, will become city marshal of the new town of Lawton, to take the place of, Bat Carr, the present officer. Carr was relieved of his gun because he wanted to start too many fights and run the town too much in a wide open manner. When Miss Beals and Carr, the outgoing officer, met last evening, to test her nerve, he took several shots at her. She opened on him and shot his hat off. After these pleasant little exchanges of compliments the two shook hands and promised to be friends. And thus it goes. As the days pass there becomes less and less for men to do, and more for the women. Now that women are taking up police business, civilization may be expected to advance so far that, like the American Indian, the women will do all the work, and the men will be just "gentlemen of leisure."

Frank Collier, the once brilliant Chicago lawyer, is dead. Sad Case. His mind destroyed by a single blow of a sand bag, his home, once magnificently furnished, kept up in grand style, had gone to ruin with the mind of the owner. Both resembled nothing less than their former selves. The picture is pathetic indeed, because this man's downfall came through no fault of his own, and none the less sad is the fact developed by an autopsy, that his reason could have been saved had the surgeons been able to locate the abnormal bony growth that pressed on his brain, causing his insanity.

The death of the Kaiser's mother came as a relief from life that was a burden to her spirit and body. The oldest daughter of Queen Victoria, sister to the king of England, mother to the Emperor of Germany, and related to the thrones of Russia, Denmark, and Greece, one would think her cup would be full of happiness. Her marriage of the heir apparent of Germany caused no little opposition from Bismarck and the German people, who never forgave her for being an English woman. But the dregs of her sorrow came with the treatment her son, Emperor William, accorded her on every occasion. Her influence over the emperor was nil and this she realized more deeply when she saw the power of other dowagers. In all probabilities the reports of William's attitude towards his mother have been greatly exaggerated, nevertheless, it was far

from being cordial. The life of this woman illustrates that crowned heads are not always the happiest, and frequently it is the crown that causes the unhappiness.

South America seems to be always in a turmoil. No sooner does one country suppress a rebellion before two sister states find a difference of opinion worth fighting over. The effects of this internal strife is bankruptcy and suppressed resentment which is sure to break out again as soon as an army can be provided. Thousands of South Americans have lost their lives in order to promote the interests of some would-be dictator.

At The Hague England signed an agreement that private property in an enemy's country must be respected. Why, then, does she stoop to the "conquering by arson" policy? England tried that scheme over here when Lord Cornwallis burned the homes of the colonists and revived such a fever-heat of war that he was promptly whipped for his pains.

The affection shown for its political godfathers by the new Milwaukee factional organ, reminds us forcibly of the love of the "great" and "justly celebrated" Whangdoodle which retreats to the depths of the wilderness, "where the woodbine twineeth," and there mourneth for its first born. Beauty may be only skin deep, but the love of man is often more deeply seated—the depth varying from one thousandth of an inch to \$50,000.

And now the onward march has brought us the cunning Chinaman. Leaders of the California Chinese Reform association, which numbers not less than 4,000 members in this state, have received an edict from the chief officer of the society that the cue must be sacrificed. Leaders of the organizations declare that the order will be obeyed, so, cunning Chinamen may soon be a common sight.

In Serbia the voters demand that they be allowed to place their ballots in a rubber ball before depositing it in the box. In many parts of the United States, however, the highball is used as a requirement for the placing of votes, and the politicians do all the "rubbering" necessary.

The Chicago man who sent his socks to Germany in order that his mother might mend them, and paid \$7 duty when the stockings were returned, would probably find it much cheaper to get married.

The statement that Roosevelt came west in search of votes appears to be untrue. He's hunting coyotes.

Tillman says negroes are not fit to vote. Worse things have been said of Tillman.

Malvor, Aguinaldo's successor, announces that he, however, is still in the running.

Race Riot in Transylvania. London, Aug. 7.—The town of Klausenberg, in Transylvania, is in open revolt against the Hungarian authorities, says a dispatch from Vienna to the Daily Express. "A majority of the inhabitants are Germans. Resenting Magyar ascendancy they have stormed and wrecked the municipal buildings and the house of the prefect of police, the occupants barely escaping with their lives. There have been numerous casualties."

Russian General a Suicide. Victoria, B. C., Aug. 7.—According to news received from the Orient by the Queen Adelaide, General Gribski, the military governor of Blagoveshchensk, committed suicide recently, as he was approaching the above city on his return from St. Petersburg.

Electric Roads for Sweden. Vienna, April 7.—The Swedish government, according to a dispatch from Stockholm to the Politische Correspondenz, is considering plans for the installation of electricity throughout the whole railway system of Sweden.

Michigan Peach Crop Is In. Chicago, Aug. 7.—The Michigan peach crop for the season fairly began to move today with the arrival in South Water street of from 6,000 to 7,000 of the familiar one-fifth bushel baskets of the fruit. The peaches were fully up to the standard of early shipments in past years, and were in good demand at prices ranging from 15 to 20 cents a basket, according to quality. Poor varieties were dull and few were wanted at any price.

Cyclone Strikes Norfolk Suburb. Norfolk, Va., Aug. 7.—A cyclone struck Brambleton, a ward of Norfolk, this afternoon, doing great damage. Fourteen substantial brick and frame houses were unroofed. Persons many blocks away from the path of the funnel-shaped cloud saw it, but did not feel a breath of moving air. Rain fell immediately afterwards. The houses

along Charles street were first struck by the north-bound cyclone, which later struck Sheldon avenue some squares away and wrought havoc there.

Pays \$8,000,000 in Dividends. New York, Aug. 7.—The directors of the Standard Oil company at their meeting today declared a dividend of 8 per cent, \$8 a share, on the common stock of the company. This dividend is payable on September 16 next. The capitalization of the trust is \$100,000,000. The declaration of the dividend means the distribution of \$8,000,000 among the Standard Oil's stockholders.

Must Pay Damages for Delay. Birmingham, Ala., Aug. 6.—The Alabama railroad commission yesterday decided at a meeting held in Montgomery that all railroad companies shall pay damages at the rate of \$1 per day for each day's delay in delivery of loaded cars to consignees.

Clothes sorter in the laundry of the Auditorium Annex, Chicago, found \$10,000 worth of diamonds and was rewarded with \$10 for returning them to the owner.

Fancy Parasols

A sample line of two hundred—and no two alike—Follmer, Clogg & Co.'s complete line of fancy sun shades at about half usual prices;—a parasol purchase of unusual interest;—prices range from \$1 to \$5, which represents regular values of double. Included in the assortment are about fifty Children's Parasols.

Shirt Waists In Two Lots.

Every waist we show is of this season's production and are therefore very desirable. All colored waists which sold up to a dollar are in a lot with a choice for 49 cents, and all colored waists which sold up to \$2 are in another lot with a choice for 89 cents, this latter line includes linen waists with black dots, also mercerized waists, plain colors and fancy. New white waists are being received every few days; ours at \$1.50 are great value.

Black and White Dimities

The fad just at present is for black and white, and we have lately received twenty pieces of a fine sheer dimity, all in white ground with black lace stripes, width 30 inches, price 15 cents. Plain Dimities are also selling well; colors: black, red, yellow, pink, light blue and navy blue; the same width, 30 inches; same price; 16 cents.

Women's Neckwear

An important item this season, with new ideas every week. Popular sellers are corded hemstitched silk ties, 33 inches long, colors: black, white, red, yellow, pink, black and lavender; price 25 cents. Same styles of white lawn openwork stripes, 50 cents. Same of linen with satin edges 39c. Stock collars, plain and with chiffon fronts, 25 cents to \$2. Many other novelties.

in the perfection of electrical goods of all kinds and in their manufacture, has placed them within reach of everyone. Special low prices for wiring houses or stores in course of erection. It will cost more than double to have wires put in concealed after the building is completed. Our rates for lighting and power are exceptionally low.

JANESVILLE ELECTRIC CO. 91 West Milwaukee Street.

HORSE AND BUGGY BOTH RECOVERED

ANIMAL STOLEN FROM THOMAS MADDEN FOUND TODAY.

The Rig Was Hitched to Some Trees at the South End of Athletic Park. Story of How the Thief Got Possession of the Horse and Buggy—Discovered by Warehouse Employees.

Thomas Madden's horse that was stolen from his pasture on Monday night and John J. Sheridan's buggy and harness were recovered by the police this morning.

When the employees of the Heddles warehouse in Spring Brook went down to work this morning they saw a horse hitched to a buggy tied to some trees at the south end of Athletic Park. They noticed the rig standing there yesterday afternoon and that it was still there when they left last night, but thought nothing of it at the time as rigs are often hitched in that vicinity.

This morning when they returned to work they saw that the horse and buggy still standing in the same spot and upon investigation concluded that it was the missing outfit. The horse was driven over to Richard Hogan's barn where it was unhitched and fed and Sheriff Maltress notified. The sheriff at once went down to Hogan's and identified the rig as the one they were in search of. The horse was all right and nothing was missing from the buggy.

The stolen horse was the property of Thomas Madden, who resides near the Institute for the Blind, and had been running out to pasture all summer. He had no shoes on as he was not being worked and was kind and gentle, so that anyone could catch him while loose without much trouble. Evidently the party that took him had tried to catch him before and found that he would have no trouble.

Having found where he could get a horse, the thief, who is described as a well dressed man of medium stature called at John Sheridan's livery barn on West Milwaukee street on Monday evening and got a harness and buggy saying that he wanted to "go into the country and had a horse of his own." He stated that he wished to start about seven o'clock the next morning and would be around with the horse before that time.

At 4:30 o'clock the next morning the stranger appeared at the barn and aroused the stable man and told him that he wished to get an early start. He was leading the horse, which was a bay about seven years old with a white star in its forehead and weighing about thirteen hundred.

The horse was hitched to a buggy and the stranger drove off. This was the last seen of the outfit, until it was "discovered" this morning that the rig back of Athletic park was the missing one.

The police are at a loss to explain why the man did not go further with the horse and buggy after he had gone to all of the trouble of getting the horse. Evidently he got frightened and tied the horse back of the park and skipped. Horse thieves often steal a rig in this way and then when they get about where they wish to go turn the horse loose and let him wander about at will, unpicked up by some farmer, but in this case he hardly went far enough to pay him for the chances he took.

Mr. Madden is well pleased to get his horse back as he would not take \$150 for him. He is sound and kind and a good stepper. Mr. Sheridan considers himself lucky to get his buggy and harness back in fine shape. The police have no clew to the man other than the one given at theivery stable.

PHARAOH'S HORSES IN A BLACK FRAME

Handsome Present to Mr. and Mrs. G. A. Shurtleff By Their Employees at Delavan.

A handsome reproduction of the famous painting of "Pharaoh's Horses," artistically framed in a black circular frame, has been placed in a position of honor in the home of Mr. and Mrs. G. A. Shurtleff. The picture was presented to Mr. Shurtleff by the waiters who served under him at the Delavan assembly this summer and pays a unique and very complimentary tribute to his popularity. Mr. Shurtleff and his assistants only worked together about two weeks and yet in this short time he so won their esteem and high regard that they were prompted to present him with a remembrance of the time spent together in the assembly dining hall. It was an unusual courtesy and the picture is highly prized by Mr. Shurtleff.

The management of the assembly has already requested Mr. Shurtleff to take charge of the dining hall again next year. The cooks and waiters were also spoken to regarding next year and signified their willingness to work again next summer.

Minneapolis Journal Band

When the 10:10 Northwestern train pulled into Janesville this morning it had an extra coach attached in which was the Minneapolis Journal's newsboy band on their way to the exposition at Buffalo. The band was under the leadership of Prof. C. C. Heintzman, their musical director. They are a fine organization for a newsboys' band and attract attention wherever they go. They were 37 strong and look as if they were enjoying life.

The Journal pays the expenses of the trip and will give the boys a good time. This is the same band that the Minneapolis Elks had down to Milwaukee with them during the carnival.

Farther reports from Guam indicate that eighty marines deserted, but after wandering about the island several days returned to duty.

The social is for the benefit of the new church, and should be well patronized. Ice cream and cake will be served, and Smith's orchestra will play.
A Visit to England.
Harry Garbutt is anticipating with great pleasure a trip to England, his fatherland country. Mr. Garbutt will leave this city Wednesday, Aug. 14th for New York city, and will sail the following Saturday for Liverpool on the Umbria, a Cunarder. His visit across the ocean will be confined to England, but will be quite extensive, including many places of interest in that country. Mr. Garbutt will visit an aunt and an only sister who live in England and expects to be absent from home about two months. Mr. Garbutt left his native land for America eighteen years ago. Two years later he returned to England for a visit and since that time, sixteen years ago, he has not seen his sister whom is to visit within comparatively few days.
Art League Party
About thirty members of the Janesville Art League made up a merry party which left this city this morning at 7:30 o'clock for the Janesville & Southeastern road for a day's outing at Lake Geneva. The ladies were the guests of Mrs. P. J. Monat and Mrs. A. E. Tanberg at the lake and the day was delightfully spent at Mrs. Monat's summer home at Glenwood Springs. At noon an elaborate picnic dinner was served and the party will return early this evening.
Chicken with Four Legs.
Koshkonong, Aug. 7.—From a brood of Plymouth Rock chickens hatched on the farm of P. Trayner Tuesday, Aug. 6, one chick has four legs. The two extra legs turn toward the back like a pair of wings.

MILK WAS NOT UP TO THE TEST

T. Anderson and J. J. Russell Hauled Before the Municipal Court and Fined \$25 Each.

T. Anderson and J. J. Russell, the two local milkmen who were arrested some time ago on a warrant sworn out by Deputy Food and Dairy Commissioner Sweeting, were before the municipal court this morning for trial.

The statement that the milk was adulterated was withdrawn. The defendants withdrew their plea of not guilty, and plead guilty to the charge of selling milk that was not up to the required test.

In consideration of their pleading guilty, and on the motion of the district attorney, Judge Fifield imposed the minimum fine of \$25 in each case and took the costs at \$3.90 each, which was paid by the defendants.

Russell and Anderson purchased their milk from W. H. and George Campbell, farmers residing near this city and supposed that they were getting good milk. Campbell's claim that their milk has been tested several times since that day, and has been found to be all right. They think that poor pasturage and the warm weather was the cause of the milk falling below the test. They made a satisfactory settlement with Russell and Anderson and paid half of the fines and costs.

HAPPY EVENT AT THE LAPPIN HOME

One of the Most Delightful Afternoon Card Parties Ever Enjoyed by Janesville Ladies.

Mesdames E. F. Carpenter, C. S. Putnam and Mary Doty were the hostesses at one of the largest and most delightful afternoon card parties ever enjoyed by the society people of Janesville. The happy event took place this afternoon at the home of Mrs. Mary J. Lappin, 252 Park Place, whose gracious hospitality was added to that of her daughters in entertaining the guests.

Over eighty invitations were issued and there were but few regrets. The cool and pleasant parlors were filled with the merry throng of ladies whose dainty gowns blended harmoniously in making the pretty picture formed by the groups around the card tables at which the afternoon was passed pleasantly.

Invitations were issued for 2:30 o'clock and as soon as the greetings between guests and hostesses had been exchanged the card playing began. Six-handed euchre is the favorite game for such gatherings because it admits of sociability and occasions considerable pleasure outside of that derived from the enchanting bits of cardboard, was the game chosen to make the hours fly swiftly by.

At 5:30 o'clock there was a transformation scene and the cards were banished in favor of luncheon clothes and a dainty two course luncheon which was faultlessly served. The hostesses were assisted in caring for their guests by Mesdames H. C. Carter, E. P. Doty, C. S. Jackman, A. P. Burnham, J. J. Hall and Mary Vance.

A similar party will be given by Mrs. Lappin and her daughters next week.

DENTIST MEETING AT MILWAUKEE

Dr. H. A. Palmer, of this city, spent Monday and Tuesday in Milwaukee attending the annual meeting of the State Dental society of which he is the treasurer.

Monday afternoon was devoted to an executive session at which all of the old officers were reelected for the ensuing term. They were Dr. C. A. Gotterdam of La Crosse, president; W. H. Mueller, Madison, secretary, and H. A. Palmer, of this city, treasurer.

The association had a most delightful meeting and voted to hold the next annual meeting in Milwaukee, the third Tuesday in July 1902.

CITY OF BELOIT IN A GREAT HUB-BUB

Rockton Constable Holds Up a Party of Young People Singing in a Carryall.

Beloit, Wis., August 7.—There is the greatest hub-bub in Beloit today that the little city has seen for years of its stormy career. It seems that last evening a party of young people, six boys and six girls, from the best families in the city and members of the swell social set, hired a carryall and took a ride on the Illinois side of the line.

All went well until the party got to Rockton. In passing through that village the young people elaborated a somewhat noisy musical program. The pussant village marshal William Graves considering the dignity and order of his halliwick invaded pounce upon the singers as they were passing up the main street and arrested them. This constable combined in his own self, judge, court and jury. He fined them 50 cents each which they promptly paid. Then he informed the boys that the town clerk had an interest in the proceedings to the extent of \$1 and the boys dug that up also. Then the outfit was allowed to go on their way with a caution to be more quiet in the future.

The young ladies in the party were nearly scared to death by their experience and some of them reached home in a fainting condition.

This morning the parents held a consultation and attorneys were sent to Rockton to investigate the affair. It is safe to say that Constable William Graves will not hold any more Beloit parties up.

NEWS OF A PERSONAL NATURE

Mrs. Edith Nott is still seriously ill. W. S. Heddles of Edgerton, was in the city today on business.

Charles R. Bentley of Edgerton, was a business caller in this city yesterday. R. M. Richmond of Evansville, transacted legal business in this city today.

The Misses Elma and Jessie Scofield are visiting friends in Marinette, Wis.

Mrs. Mary Goodson of Deansville, N. Y., is the guest of Mr. and Mrs. H. F. Nott.

Miss M. A. Lunn of Chicago, who has been the guest of Miss Orra Smith, has returned home.

H. J. L. Eggleston and Miss Margaret Eggleston were among those who spent the day at Edgerton.

Mrs. Henry M. Hanson is home from a month's visit with relatives in Iowa.

E. L. Calby of Chicago, expects to go into business in this city within a short time.

Mrs. R. J. Maltress yesterday received a visit from her cousins Harvey and Miss Emma Cline of Grand Rapids, Mich.

George Wilbur is able to return to his home in Beloit after a severe attack of sickness at the home of his mother in this city.

Mr. and Mrs. S. D. Grubb left on the early morning train for an extended eastern trip including Buffalo, New York City and Washington, D. C.

Mrs. Charles Allen and children have returned to their home in Winona, Minn., after a pleasant visit with Mr. Allen's parents, Mr. and Mrs. H. M. Weaver.

Jack Watkins, who has been spending the summer at Crystal Springs, leaves tomorrow for Chicago to join Mahara's minstrel show. Mr. Watkins is a natural born minstrel man and at all times has proved himself a true gentleman while here. He has a host of friends here who will wish him success.

MISS MARY HOLT WILL BE MARRIED

One of the Most Popular Teachers in the High School Will Wed an Iowa Man.

A marriage is to be solemnized tomorrow evening, the announcement of which will be a surprise to the bride's many friends in this city. Miss Mary Holt, one of the most popular teachers that ever presided over classes in the Janesville High school is to become the wife of Prof. H. S. Richards of Iowa City, Iowa, a professor in the law school of the university of Iowa. The marriage is to be celebrated at the home of the bride's mother, Mrs. Jane E. Holt, 201 Park place, and is to be a quiet affair, only a few immediate relatives being witnesses of the happy event. The prospective groom arrived in the city last evening and is a guest at the bride's home.

Palmer-Decker Marriage
The ceremony which is to unite in marriage Miss Alta Palmer and Fred Decker, both well-known young people of this city, will be solemnized this evening at eight o'clock at the Milton avenue home of the bride's parents, Mr. and Mrs. George Palmer. Rev. Richard M. Vaughan, pastor of the Baptist church, will tie the nuptial knot in the presence of a company of about eighty relatives and friends.

SHOCK BY TROLLEY

A Team Attached to an Inman Ice Wagon, Hit by a Broken Wire in Forest Park.

The trolley wires on the Forest Park electric line are in bad shape and need immediate attention. This morning the horses attached to one of Inman's ice wagons came in contact with a swaying wire and received a shock from which the horses will not soon recover. The off horse was badly burned on the side and shoulders. It was so badly injured that it had to be taken to the barn.

These hanging wires are very dangerous and a serious accident is liable to happen at almost any time. Not long ago several people were placed in imminent jeopardy in Forest Park because of broken and neglected wires.

FLOCK TO EDGERTON

At Least Three Hundred People From Here Attend the Annual T. A. & B. Society Picnic.

At least three hundred persons from this city attended the annual picnic of the T. A. and B. society at Edgerton today. The visitors made the trip by rail and overland in carryalls and in private rigs. Over one hundred tickets were sold by the St. Paul company for their early trains to that city, and more than twice that number made the trip overland. An excellent program of events were arranged including athletic contests, races and speaking. A number of athletes from this city took part in the contests and races.

Northwestern Restaurant Closed
The Northwestern restaurant on West Milwaukee street was closed yesterday by Chief Hogan for L. H. Brown and W. C. Miller, who hold a chattel mortgage on the property. The mortgage was for \$175 and interest and was given by Mary E. Hart, to J. T. Waggoner and Irvin Waggoner and by them assigned to Brown & Miller. The property has been running behind for some time and the owners of the mortgage decided to foreclose before their security deteriorated any further. The property will be sold on August 12 at public auction to satisfy the mortgage.

ANDREW CARNEGIE AT SKIBO CASTLE

How the Steel Magnate Entertains
His Guests at His Famous
Scottish Resort.

London, Aug. 6.—When one man, quite unsolicited gives to the metropolis of America sixty-five public libraries, involving something more than five millions of dollars, and to the country of his birth ten millions more than a liberal education may be had by any Scotchman for the asking, it is natural that people should desire to learn something of his personality. For that reason interest will be felt in the following account of a recent entertainment given by Andrew Carnegie in Skibo castle. The story is told by one of the guests present on the occasion referred to.

Skibo castle is situated on an estate stretching twenty miles in one direction and from six to eight miles in another, with a total of something over 35,000 acres. Centuries ago it was an abbey, and there are yew trees still standing which are more than 700 years old. There are half a dozen trout brooks, a salmon stream, two or three mountains, beech hedges ten feet high, with full foliage even to the ground, and about everything else that nature offers to the man who can and will pay the price. And yet the owner said one day to his guest, as they were strolling about the place:

"Do you know, my good friend, that I have bought it, yet it does not seem quite possible after all, that I actually own it." And there was no affectation about the manner in which the statement was made.

When Mr. Carnegie bought the estate he tore down the rear part of the castle and built an addition much larger than the original, still keeping to the old Scotch baronial style of architecture. Now his guests, even when a whole family with their servants visit him, are assigned to entire suites quite by themselves. Some idea of the extent of the establishment may be obtained from the thirty house servants, five coachmen and twice as many footmen and grooms to look after the twenty-three horses. This last item will be reduced somewhat as soon as an electric plant can be finished and motor carriages purchased.

And with this enormous holding and all that it means, the only pride shown by its owner is exhibited in some gooseberry bushes in one corner of the garden which really grow the best fruit of the kind in Great Britain. Mr. Carnegie is a hard worker, for it is a day's work in itself to attend to his enormous mail of several hundred letters a day. Some of them are never opened, but the majority are carefully looked over and answered by the secretary. Only a selected few are handed to Mr. Carnegie, who never fails to give each its due consideration.

After this duty is performed, his guests are summoned, and off the whole party go to the golf links, for the laird of Skibo is an ardent devotee of the game. Or perhaps he renews his youth by following one of his many trout brooks with rod and fly. And as he is driven home after a good afternoon's sport, he stops the carriage to tell the gamekeeper to pick up a wee little girl with a basket bigger than herself.

On Saturday, July 13, Mr. Carnegie gave an outdoor fete to all his tenants, and from all the country around men, women and children came. Some walked twenty miles to take part in the festivities, and after all was over, tired as they must have been, they walked another twenty miles home again. The beginning was fixed for 2 o'clock, but so anxious were the visitors to be on time, that hundreds arrived as early as half past twelve and one. Both Mr. and Mrs. Carnegie welcomed their guests, while their only child, a girl of 4, acted as the hostess for the children.

How's This?

Excursion to Oshkosh.

The C. & N. W. R. R. will run a personally conducted excursion to this beautiful city, Sunday, August 11. Train leaves Janesville 8:00 a. m., returning leaves Oshkosh at 1:00 p. m. This city is situated at the head of Lake Winnebago, one of the most beautiful lakes in Wisconsin. Only \$1.50 for the round trip.

For Over Fifty Years.

MRS. WINSLOW'S SOOTHING SYRUP has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach, makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eucalyptic Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Itching piles? Never mind, if physicians have failed to cure you, Try Doan's Ointment. No failure there, 50 cent, at any drug store.

UNCERTAINTY AT SOUTH CHICAGO.

Steel Workers in a Dilemma Over the Impending Strike.

Chicago, Aug. 7.—Uncertainty still characterizes the labor situation at South Chicago, where an army of steel workers is anxiously awaiting definite word as to what part they are expected to play in the titanic struggle between the steel trust and the Amalgamated association. Vice-President William C. Davis has returned from a trip to the east, but so far as is known has brought no word tending to relieve the situation. The steel workers of South Chicago are working under an agreement entered into before the concern became a part of the big trust. Under the terms of the compact there can be no strike, four months' notice being required before a change can be made in working conditions and conferences being provided for to bring about amicable agreements. Having no cause for complaint so far as they are personally concerned, the employees are loath to abrogate this agreement and strike. On the other hand, they are practically powerless to resist an order to walk out, should a general strike order come from President Shafter, because of the following plank in the constitution of the Amalgamated association:

"Should one mill in a combine or trust have a difficulty all mills in said combine or trust shall cease work until such grievance is settled."

It is expected that the sentiment of the men as to what course to pursue will be secured Sunday, when the South Chicago lodges will meet. A feature that will probably be discussed is a rumor to the effect that a strike at South Chicago will be seized upon as an excuse for removing the rail mills to the east in order to concentrate the activities of the trust as closely as possible. Such a course would be almost a death blow to the retail commercial prospects of South Chicago.

Stella Mollestad and Lottie Ramsdell, of Beloit, are visiting relatives in this city.

THE CASTORIA COMPANY, 77 N. MURRAY STREET, NEW YORK CITY.

SAVES LIFE

Willard, Ill., August 1, 1900. I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble and swelling of the womb. I also had hysterical spells. I was in a bad condition when I received your "Ladies' Birthday Almanac" and read the advertisement of Wine of Cardui and Theodor's Black-Draught. Since April 20th, I have taken four bottles of Wine of Cardui and three packages of Theodor's Black-Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE. MRS. ALICE DAVIS.

It is well that women are more patient than men. Few men could bear the bitter pangs, the agony and distress that women endure. Thousands of women have come to look upon suffering as a duty of their sex. But there are many instances of this heroic fortitude which

WINE OF CARDUI

now renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures whites and falling of the womb and completely eradicates these dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theodor's Black-Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theodor's Black-Draught that saved Mrs. Davis' life. Never take a substitute.

For advice and literature, address giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

LAXAKOLA

THE GREAT Tonic LAXATIVE

At some time, if not habitually, you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or some of the other symptoms and disorders which tell the story of bad bowels and an impaired digestive system. Laxakola will cure you. It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels will move regularly, your liver and kidneys will cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Mothers who had been seeking the proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles, find Laxakola an ideal medicine for children. Children like its taste and ask for it. It keeps their bowels regular without any pain or griping, and acts as a general tonic at the same time. It will assist nature, aid digestion, relieve restlessness, clear the coated tongue, reduce fever, cause refreshing, restful sleep and make them well, happy and hearty.

Laxakola, the great laxative tonic, is not only most efficient of family remedies, but the most economical, because it combines two medicines, viz: Laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c. and 50c., or send for free sample to LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

Trade supplied by King's Pharmacy and People's Drug Store.

PILES DR. WILLIAMS' INDIAN PILE OINTMENT is a SURE CURE for all kinds of Piles, whether internal or external. It absorbs the tumors, allays the itching at once, gives instant relief. Every box is warranted. Sold by druggists. Sent by mail on receipt of price, 50 cents and \$1.00 per box. WILLIAMS' MED. CO., Props., Cleveland, Ohio.

PEDRO ALVARADO SPENDS HIS MONEY

Mexican Peon Who Discovered a Rich Mine, Making a Lavish Use of His Income.

Austin, Tex., Aug. 7.—People in western Mexico are talking about Pedro Alvarado. Less than one year ago he was a peon. He lived at Parral, a mining town in the state of Chihuahua, in a dilapidated shack and there was nothing about him to distinguish him from hundreds of other Mexican laborers in the mines. He wore sandals on his feet, and on his head the big, cone-shaped sombrero which is the delight of the peon.

Today he is living in luxury. He has a monthly income of more than \$200,000. He is more talked about in his home city and in every mining camp in that part of Mexico than any other man in that country, President Diaz not excepted.

Alvarado got his quick rise to fortune through discovering a mine of wonderful richness. He is not like Stravon, except that probably his wealth came more suddenly and in larger amounts than that of the Colorado millionaire. It is not his sudden rise to affluence that is causing the comment about him so much as his remarkable manner of spending his money.

He seems to have no idea of its value and his chief anxiety is to get rid of his income as rapidly as possible. Thomas Welch, an American mining man who has just arrived here from Parral, related a number of instances of Alvarado's reckless expenditure to a correspondent. He said:

"I spent several weeks at Parral and saw Alvarado almost daily. The interest of every man, woman and child in that city seemed to be centered in the man. Since last November his net profits from his mine which is named the Palmillo, have aggregated \$1,500,000, and prior to that time he had probably taken out \$500,000 of ore. He will not put his money in bank, but keeps it at his home, where it is constantly guarded by a large force of armed men.

"He has from \$200,000 to \$300,000 on his person when he goes out on the street or elsewhere, and an armed guard of eight men always accompany him. The members of this guard are dressed in fantastic Mexican costume and Alvarado is always attired in the height of fashion. He pays a Mexican tailor a high salary to keep him clothed properly.

"Alvarado spends his money with a lavish hand. A few days ago a traveling jewelry and diamond peddler struck Parral with his wares. He was going about the street when he attracted the attention of Alvarado, who, with his armed guard, happened to be passing. He showed his goods to Alvarado and the latter asked how much he would take for the whole outfit. The peddler replied that he would sell out for \$15,000. Without any quibbling over the exorbitant price asked, Alvarado drew out the money and came into possession of the cheap watches, ornaments and fake diamonds. The man seemed as pleased as a boy with a new top over the trade he had made.

"A short time before this Alvarado purchased three pianos of the most costly make. The instruments will go to ornament the palace which he is building for his permanent home. This building will be the finest private residence in Mexico. No expense is being spared in its construction. It is estimated that it will cost not less than \$500,000 and for that distant part of Mexico, where adobe buildings are the rule, it will be something wonderful.

"Alvarado is taking the deepest interest in the progress of his castle. He says that he will furnish it with the best things that money can buy when it is completed. He has purchased scores of useless articles and simply buys things for the pleasure that they give him for the moment.

Prof. Thwing Going to Syracuse. Binghamton, N. Y., Aug. 6.—Prof. Charles Barton Thwing, Ph. D., of Galesburg, Ill., has accepted a call to Syracuse university.

Cheap Excursions Colorado

Inquire of local agent about cheap excursion rates to Colorado over the Santa Fe—round trip from Chicago, \$25; from St. Louis, \$21.

Costs a little more than at home, and you can keep cool.

B. & O. FLYER LEAVES TRACK.

Eighty Passengers in a Wreck Near Nappanee, Ind.

Milford Junction, Ind., Aug. 7.—The spreading of rails three miles east of Nappanee on the Baltimore and Ohio, caused passenger train No. 6, the flyer to the east, to be derailed at 7:15 last night. Six cars left the tracks while the train was going at the speed of sixty miles an hour, but the eighty passengers escaped with only a bad shaking. Only one person was injured, and that Baggageman Robert Gilway, who was hurt by falling trunks. Conductor Hearst, Engineer Hobe Bright and Fireman Garsky were in charge of the train, and all held their places, and to this act the saving of many lives is attributed. It will be several hours before the wreck will be cleared.

FRISCO NEGOTIATIONS OFF.

Mayor Phelan Unable to Settle the Golden Gate Strike.

San Francisco, Cal., Aug. 7.—Negotiations for a settlement of the labor troubles have resulted in failure. The vital difference now existing between the contending parties lies in the fact that the Employers' Association declines to re-employ its men unless they will agree not to go on sympathetic strikes or use sympathetic boycotts. As an offset the employers say they will not discriminate against employees of union labor or against union employees. Neither side will yield either of the points at issue and Mayor Phelan therefore considers the negotiations closed.

Shipping in this port remains pretty well tied up, though some of the big steamship companies are keeping up work on the docks, lodging and boarding their non-union employees on board vessels which have been converted into temporary hotels. Gov. Gage is now in the city watching the progress of events in the labor troubles.

Hide Park Mill Starts.

Leechburg, Pa., Aug. 7.—The Hyde Park mill, which has been idle since the first of the year, was started at 4 o'clock yesterday afternoon. At 3:45 in the afternoon a train arrived at Hyde Park, coming from Saltsburg, Vandergrift and Apollo. The train stopped at the works and fifty-five men, clad in working garb and carrying dinner buckets, left the train and hurried into the works. There was no excitement, and the mill-owners and managers claim they now have enough men in the mill to operate all of the five-plant mill. Sentinels are out and no one is allowed to get into the mill without a pass word.

Yesterday afternoon late six mill men from Leechburg sauntered down toward the mill, passed the guards and walked into the mills, where tonight they are at work. This makes sixty-one men now employed at the works. By outsiders it is claimed that this number cannot operate the mill in full, but however this may be the mill is running.

Cloakmakers Win Fight.

New York, Aug. 7.—It is reported at the headquarters of the Cloakmakers union in this city that 1,500 of the cloakmakers who went on strike last week against individual manufacturers have gained their demands. These demands were higher wages and a shorter work day.

Plant Closes: No Material.

Niles, Mich., Aug. 7.—The Merrill-Stevens company, which manufactures railroad cattle guards, was compelled today to shut down its local plant, being unable to secure raw material. A large number of men are thrown out of employment.

Heavy Rain in Nebraska.

Lincoln, Neb., Aug. 7.—Heavy rains fell last night in the southwestern part of Nebraska, breaking a drought which has been almost continuous since the Fourth of July. In Furnas county the downpour was the greatest ever known there, three inches falling in less than half an hour. Red Willow county got a drenching of an inch.

Woman Marshal of Lawton.

Wichita, Kas., Aug. 6.—Miss Hattie H. Beals, who drew second choice of farns in the new Kiowa and Comanche country, is to become city marshal of the new town of Lawton.

A delegation of citizens waited on Miss Beals yesterday morning and offered her the position. She accepted the place. She hopes to tame the outlaws and bad men without having to shoot. A good salary is attached to the position.

Admiral Howison Chosen.

Washington, Aug. 6.—Rear Admiral Henry L. Howison has been selected to fill the vacancy on the Schley court of inquiry caused by the inability of Rear Admiral Kimberley to serve. Admiral Howison's name is one of several officers whom Admiral Schley notified the department was satisfactory to him. The appointment is also satisfactory to Captain Parker, Admiral Schley's assistant counsel.

Will Put the Tax Rate Up.

New York, Aug. 6.—An advance in the tax rate of New York of from \$2.24 to \$2.32 one the \$100 has been decided upon, says the World. The total increase upon the value of personal property and realty this year over last is about \$133,000,000, the personality increase being \$64,000,000 and that of realty \$69,000,000.

Chinamen Asked to Remove Cues.

New York, Aug. 6.—An order issued by the head of the Chinese Reform association calls upon all Chinamen in this country to remove their cues. It will affect several hundred Chinese in this city.

What S. S. S. Does for Children

Children are constantly exposed to all sorts of diseases. The air they breathe is filled with germs, sewer gas and dust from the filthy streets are inhaled into the lungs and taken into the blood. At the crowded school rooms and other public places they come in contact almost daily with others recovering from or in the first stages of contagious diseases. You can't quarantine against the balance of the world, and the best you can do is to keep their blood in good condition, and thus prevent or at least mitigate the disease. You have perhaps learned from observation or experience that healthy, robust children (and this means, of course, children whose blood is pure) are not nearly so liable to contract diseases peculiar to them, and when they do it is generally in a mild form. On the other hand, weak, emaciated and sickly ones seem to catch every disease that comes along. This is because their blood is lacking in all the elements necessary to sustain and build up the body. Poisons of every description accumulate in the system, because the polluted and sluggish blood is unable to perform its proper functions.

Such children need a blood purifier and tonic to give strength and vitality to their blood, and S. S. S., being a purely vegetable remedy, makes it the safest and best for the delicate constitutions of children. S. S. S. is not only a perfect blood medicine, but is pre-eminently the tonic for children; it increases their appetites and strengthens the digestion and assimilation of food. If your children have any hereditary or acquired taint in their blood, give them S. S. S. and write to our physicians for any information or advice wanted; this will cost you nothing, and will start the little weaklings on the road to recovery. Book on Blood and Skin Diseases free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Discard That Off Colored Straw Hat.

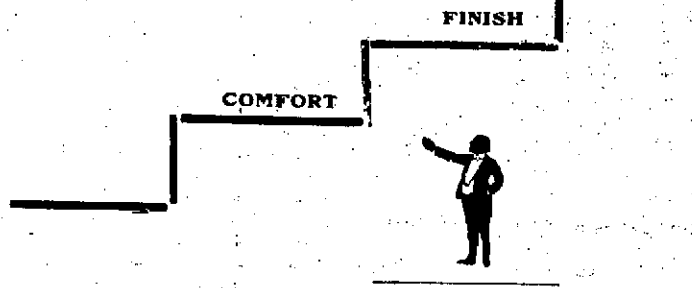

AT THIS TIME OF THE year your straw hat that you purchased early in the season begins to look rather shabby and off colored. The cruel sun the past month has raised havoc with the straw. But then we took this fact into consideration some time ago and the result is the installation of another new stock—the second straw hat shipment this summer. At the Ziegler store you have the same low prices besides the advantage of selecting from the largest stock in southern Wisconsin.
